## Teams: An easier way to book spares!

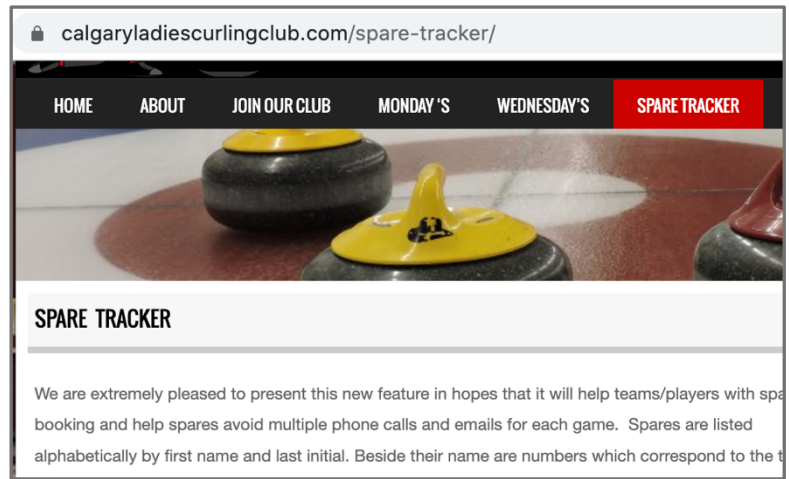

*We're adding a new, easy way to identify, at your fingertips, spares available for when you need them.*

We have heard from teams and spares alike that scheduling a spare can take a fair bit of time and is often a frustrating process. Spares are also fielding multiple texts, emails and calls, even after they are booked.

A simple website feature, easily used with a phone, tablet or computer, offers a quick way to see which spares are available.

The URL is:

[calgaryladiescurlingclub.com/spare-tracker](http://calgaryladiescurlingclub.com/spare-tracker)

### How members can see spares' availability

Spares are listed alphabetically by first name and last initial. Beside their name are numbers which correspond to the team positions spares are comfortable playing: 1= Lead, 2 = Second, 3 = 3<sup>rd</sup> and S = Skip. Draw dates are listed, including AM or PM for Mondays. For each Draw, spares will have a green checkmark, indicating availability, a red X meaning they are either booked already or not available, or a question mark which simply means that the spare has not yet indicated a status. Those spares can be contacted as they may be available.

## CALGARY LADIES CURLING CLUB

Spares who are Monday-only spares will have a red 'X' on all Wednesday draws. A Monday morning-only spare will have a red 'X' on Monday PM games plus Wednesday draws. Team members can view the information and only spares can update their status.

We'll have help from a few '*spare co-ordinators*' to make any needed corrections, help new club members learn about the site, and support for spares.

*Note: Team members are 'view only' as the spares are responsible for changing their availability status. While everyone is getting used to this tool, please remind a spare to change their status if you find their status is different than is on the site.*
